BKK Titan Diver Offset Hook: The perfect catch for big fish.

Experience a new fishing experience with the **BKK Titan Diver Offset hook**, specially designed for weedless mounting of larger rubber baits. This hook has all the outstanding features of the original Titan, complemented by a fixed lead and spinner blade to increase your chances of catching big fish in deeper waters.

Features:

- **Super-slide coating** for smooth penetration and easy release
- **Solid lead** for deeper fishing and exploring underwater structure
- **Stainless steel ring** for attaching a spinner blade to increase the attractiveness of the lure
- **Available in a range of sizes** from 1/0 to 5/0 with lead weights from 1.8 g to 5.8 g

Attract the attention of hungry predatory fish with the **BKK Titan Diver Offset Hook**. Its unique design allows you to explore sunlit and underwater structures where predatory fish might be. The added spinner blade gives your lure an irresistible appeal that will fool even the smartest fish. Improve your catch rate and enjoy an unparalleled fishing experience in a variety of waters with the BKK Titan Diver Offset Hook.
