

Illex Lure Chatter Beast 90

Illex

Product number: IL-CB-90

Be in no doubt that our new 90mm Chatter beast is as noisy and attractive as its bigger brothers.

from 16,19 €* 16,19 €

The unique attraction of this surface stickbait comes from two metal beads that are held in a specially designed clear prism cavity. The beads bounce off the multiple grooves in the cavity creating deep vibrations and plenty of visual attraction as light bounces off the prism. This double attraction of light and sound will provoke instinctive takes from perch, sea bass, black bass, asp and pike. Great bait for creating some surface commotion!
