NRS Yak Yak kayak boat transport trolley - The ultimate helper for boat transport

The NRS Yak Yak kayak boat transport trolley makes transporting your boat to the water child's play. With its sand-suitable tyres, weather-resistant materials and a 30% lower weight compared to other boat trolleys, this little powerhouse is easy on your back.

Features of the NRS Yak kayak boat transport trolley

This slip trolley impresses with its well thought-out features and high-quality workmanship:

- **Sand-suitable tyres:** Rubber-coated wheels provide a smooth ride on hard surfaces.
- **Robust wheels:** 8 cm wide rims with a diameter of 23 cm provide support even on soft surfaces.
- **Bearingless wheels:** These allow smooth movement and can be easily removed so that the compact Yak Yak fits into most kayak hatches.
- **Lightweight frame:** The anodised aluminium frame supports up to 68 kg.
- **Good grip:** The Idaho tread pattern provides excellent traction and leaves a distinctive trail.
- **Corrosion-resistant hardware:** Durability and reliability thanks to resistant materials.
- **Practical stand:** Keeps the trolley stable when loading and folds up during transport.
- **Protective padding:** Soft foam padding protects the hull of your boat from scratches and dents.
- **Simple attachment:** The two 1.8 metre long NRS Loop Straps with buckle bumper secure your boat effortlessly and firmly to the trolley.
