## Salmo Frisky lure 7cm deep runner - Perfect choice for successful fishing

The **Salmo Frisky lure 7cm deep runner** inspires anglers worldwide with its excellent running and casting properties. As a legend among the two-piece Salmo artificial lures, it impresses with its versatility and efficiency, whether it's a steady retrieve or twitching with pauses.

This lure has a length of 7cm and weighs 9g. With its floating behaviour and a swimming depth of 2 - 3m, it is ideal for various fish species such as asp, pike, black bass and perch. Thanks to its aerodynamic shape, the Frisky is effortless to cast and offers impressive underwater performance. You will find that this lure is ideal for trolling and significantly increases your chances of catching fish.

### Why the Salmo Frisky lure?

The Salmo Frisky lure is characterised by its extraordinary versatility and ease of use. Whether you reel it in evenly or twitch it with short pauses - this lure will bring you the desired success. It shows its strengths particularly when trolling and significantly increases your chances of catching fish.

### Advantages at a glance:

- **Easy handling:** Perfect for beginners and professionals.
- **Effective when twitching:** Excellent catching chances thanks to varied retrieving technique.
- **Versatile in use:** Ideal for different fishing techniques and methods.
- **Targeted:** Optimised for catching asp, pike, black bass and perch.

Rely on the **Salmo Frisky lure 7cm deep runner** and experience a new level of fishing with this proven

and versatile bait!
