NRS Maverick gloves: Ideal for kayaking, paddling and SUP - warmth, comfort and grip for your outdoor adventure

The NRS Maverick gloves - your reliable companion in cold and wet conditions. These gloves are perfect for kayakers, paddlers and SUP enthusiasts who prioritise comfort and performance.

Enhanced features for your adventure:

- **Warmth and comfort:** made from 2mm neoprene, the gloves provide excellent insulation. They are ideal for cold weather and keep your hands dry and warm.
- **Mobility and flexibility:** Thanks to the 4-way stretch technology, your fingers remain mobile and dexterous - essential when kayaking, paddling or SUP.
- **Excellent grip:** The special RawHide palm guarantees excellent grip, whether you're handling a paddle, SUP board or other equipment.
- **Innovative design:** The HydroCuff wrists prevent the ingress of water and offer additional protection against moisture.
- **Comfortable fit:** The pre-moulded fingers and ergonomic design reduce fatigue and increase comfort.

Product tips

Important note: To put on the glove, first roll up the cuff. Then slide your hand in with a twisting motion and roll the cuff back over your forearm. To remove the glove, slide the thumb of the other hand into the cuff along the palm and push the glove out.

Technical details:

- **Lightweight and practical:** at just 171 g, these gloves are light and comfortable.
- **Universal sizes:** Available in unisex sizes to fit any adventurer.
- **Robust workmanship:** The glued and blind-stitched seams ensure durability and reliability.

NRS Maverick - More than just a kayak glove

These NRS Maverick gloves are not only a must-have for kayakers, but also ideal as paddle gloves and SUP gloves. They offer the perfect combination of protection, comfort and performance.
