

NRS HydroSkin 2.0 Forecast Glove Neoprene 2mm Black

NRS

Product number: NRS-HYDR-FC2

2mm neoprene gloves for every situation.

42,99 €* 42,99 €

When it's too cold to go gloveless, NRS HydroSkin 2.0 Forecast Gloves will cut the chill without sacrificing grip or feel. Less bulk, total comfort, just enough extra warmth. The NRS HydroSkin 2.0 Forecast Gloves combine warmth and versatility with 2 mm neoprene insulation and convertible fingertips for maximum dexterity.

- 2 mm neoprene with four-way-stretch PowerSpan outer layer provides warmth on cooler boating days.
- Durable Water Repellent (DWR) coating prevents evaporative cooling.
- Silicone-dot palm pattern ensures a non-slip grip on rods, paddles and oars.
- The thumb and first two fingers can be converted to an open-finger design for tying knots, taking photos or to use a touch screen.
- Hook and loop patches hold the glove tips out of the way.
- A fitted, stretchy slip-on wrist cuff makes the glove easy to put on and take off.
- Pairing snaps on the wrists help keep the gloves together.
- Material: 90% Neoprene, 10% Nylon
