

Delphin XKO Folding Camping Chair with Backrest

Delphin

Product number: DLP-XKO

The chair is built on a reliable and favourite model XK, but this one has a backrest which will make the time spent near water much more comfortable and pleasant.

Weight: 1.65 kg
17,95 €* 17,95 €

Delphin folding camping chair with backrest - your reliable companion on the water.

A symbiosis of comfort and robustness awaits you with the Delphin folding camping chair with backrest. This chair model is based on the popular and proven XK model, but goes one step further and offers you a practical backrest for even more comfort and enjoyment during your stays by the water.

The Delphin camping chair is more than just a simple folding chair. It is your faithful partner, easy to transport and offers you the most comfortable seating wherever you are. It is made of a sturdy 19 mm thick profile that keeps its shape even under load and thus stands for durability and reliability.

The resistant powder paint effectively protects the chair's profile from corrosion and wear. It also resists aggressive environments, guaranteeing a longer life for the product. The chair's fabric is high quality, thick and impregnated, and is double stitched for added strength and durability.

Take the Dolphin camping chair with you on your next trip and experience the unparalleled comfort and robustness of this chair for yourself.
