

Strike King Tour Grade Tungsten Swinging Football Head Black 7,1g 2 Stück

Strike King

Product number: SK-TGTSFH14-10

High-quality tungsten weights with incredibly good ground and bite contact that cannot be compared to leads.

Weight: 0.0071 kg
7,99 €* 7,99 €

Tungsten is extremely hard and dense—more sensitive and compact than lead, which is one reason why the Strike King Tour Grade Tungsten Swinging Football Head is a good choice for finesse jigging applications. But unlike a standard jig, the Swinging Football Head lets you use any hook and trailer you want, for the ultimate in versatility and bait selection. Plus, the swivel eye attachment gives the hook a unique free-swinging motion that really intensifies your bait's action. When you need a low-profile approach with swap-out versatility and maximum strike-inducing action, tie on a Strike King Tungsten Swinging Football Head.

- Finest quality tungsten
- Easily penetrates and falls through cover
- Faster sink-rate than lead weights
- Provides incredible feel of the bottom
- Incredibly durable paint coating
- Works with any hook
- Delivers an erratic, free-swinging lure motion
