BKK Silent Chaser Draggin Ned jighead - precision and durability combined

Discover the BKK Silent Chaser Draggin' Ned Jighead - the perfect choice for the discerning angler.

The BKK Silent Chaser Draggin' Ned jig head has been specially developed to get the best out of the Ned rig. This jig head has a number of innovative features that make it the ideal choice for fine stand-up attacks.

Features of the BKK Silent Chaser Draggin' Ned jighead

- **SS coating:** BKK's signature SS coating ensures long-lasting sharpness and corrosion resistance.
- **Sharp needle point:** The hook is equipped with a sharp needle point that enables quick and deep penetration.
- **O'Shaughnessy bend:** This special bend increases the hook's strength and makes it perfect for catching large perch and walleyes.
- **Recessed eye:** The recessed eye minimises the risk of snagging and protects the knot when fishing over rocky ground.
- **Bait holder:** Suitable for elastomer and standard soft baits, the bait holder holds the bait securely in place.
- **Ribs on the underside:** They increase sensitivity when pulling the lure over the bottom and improve lure guidance.
- **Engraved size and weight information:** The size and weight information is engraved directly on the head for easy selection and differentiation.

Colours and variations

The Draggin' Ned jig head is available in two unobtrusive colours - matt green and matt black. A weedless version with nylon protection is also available for particularly demanding conditions.

- **Colours:** black, green
- **Sizes:** 1 and 1/0
- **Weights:** 3g - 14g

Areas of application

This jig head is perfect for fishing for perch and zander, especially in challenging waters with rocky bottoms. The combination of precision, durability and well thought-out details make the BKK Silent Chaser Draggin' Ned jig head the first choice in the jig head sector.

Use the BKK Silent Chaser Draggin' Ned jighead to maximise your catches and take your fishing experience to the next level.
