Jenzi

Product number: JE-OHS

Discover the innovative Jenzi offset hook with spiral for maximum flexibility and minimised missed bites when fishing, ideal for swimbait fishing.

from 4,60 €* 4,60 €

Innovative Jenzi offset hook with spiral for maximum fishing flexibility

Discover the versatility of the **Jenzi offset hooks with spiral** for an even more effective fishing experience. These innovative offset hooks are equipped with a practical bait-screw, which is placed next to the generous eyelet. The bait-screw allows soft bait to be securely attached, allowing your lures to be presented with more flexibility and manoeuvrability. This helps to minimise missed bites and increase the chances of catching, especially when swimbait fishing.

The black design gives the hooks an elegant look, while the different hook sizes (#4 to #5/0) ensure that you will find the right variant for every fishing technique and lure size. Each pack contains 5 hooks so that you are always well equipped.

- Offset hook with bait-screw (spiral)
- Large eyelet for easy bait mounting
- Black lacquered design
- Minimises missed bites and maximises catch chances
- Ideal for swimbait fishing

Choose your ideal hook from a range of sizes to perfectly complement your fishing tackle and improve your catch rate. The Jenzi offset hooks with spiral are the ideal choice for discerning anglers who value quality and functionality.
