Optimum predator hunting with the Jenzi Texas Rig 7x7 - Perfect for pike and co.

Discover the ultimate predator fishing experience with the **Jenzi Texas Rig 7x7**. This rig has been specially developed for fishing for pike and other predatory fish and offers first-class fishing pleasure thanks to its high-quality components and sophisticated design.

Main features

- **Robust material:** The 40 cm long, uncoated 7x7 steel leader guarantees durability and flexibility.
- **Innovative hook:** The offset hook makes it easy to mount rubber fish or dead baitfish and significantly reduces the risk of snags.
- **Additional components:** A stopper and glass bead are integrated to create additional noise to attract predatory fish.
- **Lightweight and lead-free:** With a weight of 7 g, this rig is not only environmentally friendly but also easy to handle.
- **High lifting capacity:** A lifting capacity of 12 kg ensures that even larger catches can be landed safely.

Versatile hook sizes

Available in hook sizes #1, #1/0, #2/0, the **Jenzi Texas Rig** offers flexibility for different soft baits and target fish. Whether you're fishing for zander, perch or pike, this rig adapts to your needs.

Perfect for every angler

Whether you are an experienced angler or just starting out with predator fishing, the *Jenzi Texas Rig 7x7* is the ideal choice for your fishing equipment. It combines ease of use with effective performance so you can focus on what's important - the catch of a lifetime.

Opt for the **Jenzi Texas Rig 7x7 with offset hook and bullet** and experience how your predator catches are raised to a new level. Order now and make your next fishing trip unforgettable!
