Feelfree Cooler with Foam Seat 45L

If you are in need of cold storage space that is reliable, durable, and intergrated with the latest technology, then we have your match. The tough roto-molded shell combines ruggedness and durability to withstand the elements year after year. Having a capacity of 45 liters, and foam infused rotomolded polyethylene, this cooler provides ample cold storage space for a big day or days depending on your journey. Stability meets comfortability on the lid where you will find a foam platform for seating and comfortable handles on the sides for carrying and securing your cooler. Equipt with a refrigerator grade gasket, locking capabilities, high flow drain, and a bottle opener, this cooler has you covered from all angles. What is even better is they are available in assorted camo colors matching the FeelFree kayak fishing line.

- comfortable foam seat on the top of the box
- comfort carry handles
- 4 colours available

* incl. tax, plus [shipping](#)
