

Minn Kota Transducer Holder Bundle

Minn Kota

Product number: MK-59710X

For portable use of fish finders.

129,99 €* 129,99 €

This transducer bracket consists of the stern bracket, which is also known from the Minn Kota stern motors, a composite rod and the transducer mounting bracket, which is removable. With this bracket, you can mount your transducer in no time and can also fold it up or adjust its height if required.
