The NRS Ripple is one tough and economical kayak paddle. Burly ABS plastic blade and lightweight fiberglass shaft for a comfortable swing weight and long term durability.

- Asymmetrical fiberglass-reinforced ABS blade efficiently transfers power, limits blade flutter, and is practically indestructible.
- Fiberglass shaft for lightweight durability and easy paddle control.
- Take-apart design with three-position ferrule can be set at 0 or 45-degree feather, left- or right-hand control.
- Weight of the 220cm paddle is 1077g.
