

Gunki Kaiju Blade 29S Cicada 3,6g

Gunki

Product number: GU-K29

Small cicada lure very successful on trout and perch.

0,00 €* 0,00 €

The KAIJU BLADE with 29mm comes into play when the predators are mainly interested in small prey. Perfect not only for street fishing. We have not only made the blades smaller, but also given them an improved balance. They work perfectly at any speed. The model is also always worth a try on trout, as our tests have shown.
