Discover the Illex Tricoroll 55 HW plug: A must-have for passionate anglers!

The Illex Tricoroll 55 HW lure 4.5g is a true gem in the world of fishing and an absolute favourite for trout anglers. Its ultra-realistic finish and perfectly balanced body make it an indispensable lure that no angler's tackle box should be without.

- **Ultra-realistic finish:** The design of the Tricoroll 55 impresses with an ultra-realistic look that will fool even the most demanding predators.
- **Perfectly balanced:** Thanks to its perfectly balanced body, the trout plug remains stable even in fast-flowing waters and can be guided precisely.
- **Heavy weight for long casts:** The HW (heavy weight) version of the Tricoroll 55 sinks quickly and enables precise casts to reach even hard-to-reach spots.
- **Deadly rolling action:** The unique rolling action of the lure is irresistible at any speed and magically attracts predatory fish such as trout, perch and asp. The seductive movement is maintained even at slow or fast speeds.
- **Easy to guide:** Thanks to its design, the Tricoroll 55 is particularly easy to jig and twitch, giving even beginners a quick sense of achievement.
- **High-quality treble hooks from Owner:** Equipped with high-quality treble hooks from Owner, you can count on reliable hooking performance.

This hardbait has a length of 5.5 cm and a weight of 4.5g. Its swimming behaviour is sinking and it can be fished at depths of 0.6 to 1.0 m.

Experience an outstanding fishing experience with the Illex Tricoroll 55 HW lure 4.5g and let its effectiveness convince you. This Illex lure is a must-have for every passionate angler and will impress you

with its performance.
