Illex lure Sleek Mikey 160 Swim Bait

The SLEEK MIKEY is a very manoeuvrable, 3-piece swim bait. The body shape and the angle of the tail and lip ensure a tight running style. The lip is suitable for slow retrieves and helps you to feel the movements of the hardbait. The feathered tail adds realism and livens up the SLEEK MIKEY during pauses. A great artificial lure for pike and other predators hiding in weed beds, next to snags or obstacles. This is a medium sized, versatile swim bait that fits a medium-heavy spinning rod and can be fished in a variety of styles, from stop and go to different speeds when retrieving linearly over weedbeds or parallel to the bank.

Features:
