Discover the Illex Magic Crank 40 SR - your key to success in shallow water.

The **Illex Magic Crank 40 SR crankbait** is a masterpiece of lure technology and has been specially developed for effective fishing in the shallow water areas of rivers and lakes. This small Shallow Runner crankbait is the perfect choice for anglers who want to target perch, zander, pike, black bass, trout and chub.

Unique acoustics and visual appeal

Equipped with two small metal beads in an innovative prism-shaped chamber, the **Illex Magic Crank** produces an unmistakable, deep sound that attracts fish from afar. The special grooves in the chamber not only provide this unique sound, but also reflect the light in a fascinating way, increasing the visual appeal under water.

Versatile retrieval techniques

Whether simple stop-and-go tactics or variable retrieve speeds, the Magic Crank 40 SR shows its strengths. Fast, steady retrieves over weed beds or near structures and snags often provoke reflex bites from the target fish.

Product features

- **Running depth:** 20-80 cm - ideal for shallow waters

- **Weight:** 3.8 g - perfect for precise casts
- **Running behaviour:** Floating - for a natural presentation
- **Hooks:** BKK 6062-1X-#10BN / BKK 6062-1X-#12BN - ensures a secure hold

The **Illex Magic Crank 40 SR** is more than just a lure, it is an essential tool for any angler who wants to be successful in shallow waters. Make it an integral part of your equipment and experience how it will significantly improve your catch rate.
