Illex Tricoroll Vib lure - Maximum performance for your fishing adventures

Discover a product that will redefine your fishing techniques with the Illex Tricoroll Vib lure. The hydrodynamic and heavy body of this lure ensures an **enormous casting range** allows you to effortlessly cut through the water to quickly penetrate the deeper layers. Ideal for challenging fishing spots and perfect for scraping the bottom in deep rivers. With its ability to be cast 3/4 upstream and move downstream as it swims, this plug is the ultimate choice for ambitious anglers.

The lipless design of the Tricoroll Vib is also great for traction fishing as it covers a large amount of water and quickly locates fish. Whether for linear retrieving or twitching and jerking, this lure will bring you success. Its **innovative external weight** made of environmentally friendly bismuth tin sets new standards for sport fishing lures and ensures excellent balance and stability while fishing.

The Illex Tricoroll Vib lure is perfect for hunting brownies, rainbow trout, sea trout, char and other salmonids in European waters. It is also an excellent choice for hunting asp on rivers such as the Rhine, Meuse and Moselle, especially when asp are fixed on gobies.

Features at a glance:

- Hydrodynamic and heavy body for enormous casting distance and easy cutting through the water
- Ideal for deeper fishing spots and scraping the bottom in deep rivers
- Perfectly suited for traction fishing and fast tracking of fish

- Innovative outer weight made from environmentally friendly bismuth-tin for optimum balance and stability
- Suitable for hunting rainbow trout, sea trout, asp and more
- Available in two sizes: 6cm (6.2g) and 7cm (8.2g)
- Swimming depth: 6cm (1.0m) and 7cm (2.0m)
- Swimming behaviour: Sinking
