

Illex Riser Bait 008 Topwater Lure 8cm 21.7g

Illex

Product number: IL-RIBA-008

Heavy lure with an innovative metal lip for a never seen before bait play.

26,99 €* 26,99 €

The Riser Bait belongs to a new generation of heavy lures for the surface. Perfect for longest casts and equally suitable for fresh and salt water. The Riser Bait features an innovative metal lip that gives it an unprecedented action on the surface (or just below it). The perfect imitation of a fleeing prey fish at the surface!

Conceivably easy to run: simply cast and retrieve! The sinking Riser Bait 008 returns to the surface very quickly, where it surfs the surface in an extremely attractive zig-zag style without further animation. This revolutionary bait has all the features you need to get a vast number of bites. Asp, baby tarpon, bass, bonito, pike or perch... in front of the Riser Bait, none of these species is safe!
