Dive into the world of the Illex Super DD Squirrel 79 SP wobbler

Discover the member of the renowned Squirrel family - the Illex Super Deep Diver Squirrel 79 SP. With its distinctive long diving blade, this wobbler is designed to dive into deeper waters and explore the hidden territories of predators. The longer diving lip allows the Super DD Squirrel 79 SP to descend to impressive depths of up to 4 metres, putting it right in front of the eyes of the most sought-after predators. Despite its impressive size, the SDD 79 SP is surprisingly easy to manoeuvre. From classic retrieving techniques in cranking style to powerful jerks and kick-backs, this lure always retains its stability and control. This lure is a true all-rounder. Regardless of whether you prefer slow retrieving speeds or prefer aggressive jerk movements - the Illex Super DD Squirrel 79 SP does it all and always remains reliable. When the predators are lurking in deeper waters, the Super DD Squirrel 79 SP is your perfect companion. Its floating swimming behaviour and optimum diving depth make it an irresistible lure for perch, pike and zander.

Specifications:
