Hearty Rise

Product number: HR-SK3-WTL140

High-quality slow jig specially designed for heavy predators.

Weight: 0.14 kg  
14,50 €\* 14,50 €

The further development of the SIT and SIT II jigs is a great lure for medium to deep waters. However, it also works quite well in mid-water.  
Due to the more compact shape, it now comes down faster and more accurately. However, he continues to make his sweeping movements.  
It also works very well in Nordic waters.
