Rapala Crushcity: The Kickman Softbait

Experience innovation in the world of fishing with the Rapala Crushcity Kickman soft lure! The Kickman is not just a lure, but a masterpiece of lure development that delivers on its promises and takes your fishing experience to a new level.

Features:

- **Subtle paddle tail action:** the Kickman features a subtle paddle tail that moves at even the slowest retrieve, attracting the attention of fish.
- **Strong odour:** Thanks to the intelligent injection technology, the Kickman is equipped with an irresistible scent that attracts the fish's senses and entices them to bite.
- **Stable swimming motion:** Whether you reel in the bait slowly or quickly, the Kickman always maintains its stable swimming motion, giving you a controlled and effective lure presentation.
- **Swims even at low speed:** Even at minimum retrieve speed, the Kickman remains active and seductive to attract even the shyest fish.
- **Salted belly:** The Kickman's salted belly not only gives it a tantalising texture, but also ensures a natural and irresistible bait presentation under water.
- **Intelligent injection technology:** Every Kickman bait is enriched with the perfect attractants to lure the fish in and entice them to bite.

Immerse yourself in the world of successful fishing with the Rapala Crushcity Kickman soft lure. Experience perfection in action and get your ultimate bait for perch, zander and pike today!
