Zeck Zander Quappie soft lure: The innovative lure for your next fishing trip

The Zeck Zander Quappie soft lure is an advanced soft lure from the think tank of Sebastian Hänel. Its unique features, such as the fluttering pectoral fins and the wedgetail, make it the perfect lure for perch, zander and pike.

Product features:

- **Fluttering pectoral fins:** The fluttering pectoral fins at the front of the lure draw the attention of predatory fish specifically to the hook.
- **Natural behaviour:** The burbot has a tiny wedgetail that imitates a realistic trembling movement of the tail fin and makes the lure extremely attractive.
- **Versatile sizes:** Available in different sizes: 10cm (3 pieces per pack), 12cm (3 pieces per pack) and 15cm (2 pieces per pack) to suit all needs.
- **Outstanding fishing results:** In heavily fished waters, the Zeck Zander Quappie can make all the difference and help you achieve unforgettable catching moments.

The Zeck Zander Quappie soft lure is not just a lure, but a real must-have for anglers looking for the ultimate catch. Try it out and experience this advanced soft bait!
