The Illex Knockin Jaw Cicada Spin Jig: A masterpiece for anglers

The **Illex Knockin Jaw Cicada Spin Jig** sets new standards in the field of *metal lures* and is the ideal choice for anglers looking for a high-quality *vibrating lure*. With its innovative design, this lure is perfect for targeting perch, zander, pike and chub, making it a must-have for any fishing kit.

Technological innovation and flexibility

The **Illex Knockin Jaw's** unique dipping blade allows it to precisely grip the bottom, significantly improving your chances of catching fish. With three variable attachment points, the lure offers exceptional adaptability for different styles of guiding. The front eye is ideal for fast retrieves, the centre position lends itself to a variety of techniques and the rear eye is ideal if you want to fish deeper and slower.

Specifications for targeted use

With a length of 5.2 cm or 5.8 cm and a weight of 10.5 g or 14 g, the **Illex Cicada lure** is able to reach swimming depths of 2 or 3 metres. These specific features make it the ideal lure for a wide variety of situations and preferences when fishing for your favourite predators.
