

Jenzi Catfish float Trap rubber inline float

Jenzi

Product number: JE-6318 XX0

Rubber inner duct on the bottom side of the float protects it from contacting the lead.

from 8,50 €* 8,50 €

Catfish float with a rubber inner duct. The advantage of this construction was that the line was protected, and the observation that the line of a normal glow light may be used while the rubber on the bottom side of the float protected it from contact with the heavy lead.
