Experience the Illex Dunkle 7' Swimbait - your ultimate lure for predatory fish!

Rediscover the world of fishing with the **Illex Dunkle 7" Swimbait**! This high-quality **Swimbait** is packed with innovative features and has been specially developed for **Zander** and **pike**. With a length of 19.5 cm and a weight of 62 g, the **Dunkle 7"** perfectly balanced to reach great distances while enabling precise casts.

Unique features:

- **Versatile application:** The **Dunkle 7"** is perfect for fishing for **Zander**, **pike** and **asp**. Its versatility makes it an essential soft bait in your fishing equipment.
- **Swimming behaviour:** With a **sinking** swimming behaviour, the **Dunkle 7"** is ideal for exploring different depths and fishing effectively even over rocky and obstacle-rich ground.
- **Innovative Design:** The heavy body of the **Dunkle 7"** not only enables impressive casting distances, but also precise casts into the wood or under jetties. Its beefy head shape gives it an attractive swimming action that even the fussiest predators can't resist.
- **Customisable configuration:** The **Dunkle 7"** is equipped with a super sharp **double hook** mounted with a **split ring** and a **swivel**. With the ability to remove the double hook and attach a **weight** to the bottom eye, you can adapt the soft bait to suit the fishing conditions and maximise its effectiveness.

Experience the outstanding performance of the **Illex Dunkle 7" Swimbait** for yourself and increase your chances of catching fish on every trip to the water! Get your **Dunkle 7"** today!
