Catching a keeper is cool but keeping it fresh is cooler! FeelFree's close cell foam insulated Fish Bag is designed to fit in your kayak for storing your catch for all day freshness. It comes with a removable liner for easy cleaning and features multiple attachment points to keep it secure to your kayak. The bag is made of heavy duty Diamond Ripstop polyester material and is available in two sizes. (Large & Medium) Includes convenient carry handles.

Whether you're on water or on land, you'll appreciate our new waterproof FeelFree bags. Fish bags are designed specifically to fill all your storage needs. They feature a shoulder strap for your comfort and a rubber coated handle, which is a must when on water. Main compartment opens in a flash with a zipper – that's the fastest way to get into your bag. It's also coated in an insulation foil, which helps keeping your bait or drinks cool. With weight way under 2 kilos, it creates no additional burden, when kayaking.
