

Zalt Zam Z Tail Lure 20 Beige Net

Zalt

Product number: ZMZT-20

Hybride between pullbait and glider.

18,99 €* 18,99 €

The Zam Z Tail is a kind of hybrid between pullbait and glider. The irresistible run of the Zam Z Tail develops when retrieved slowly and evenly. With short strokes of the rod you let it stagger to the sides, which immediately provokes bites from pike and other voracious predators. The oversized tail ensures appropriate vibrations and a kind of playfulness in the running behavior, which also arouse the curiosity of predators that are further away.
