Illex

Product number: IL-A60SR

The Illex Aska 60 SR is a powerful crankbait for demanding waters that attracts predators with its intense swimming action.

25,19 €\* 25,19 €

## High-performance crankbait for demanding waters

The **Illex ASKA 60 SR** is a Crankbait that has been specially developed for fishing in waters with high fishing pressure. Its noisy shallow action and robust construction make it the ideal lure for anglers looking for aggressive predators.

### Provocative swimming action

With a length of 6 cm and a weight of 11.4 g, this lure is big enough to fish deep or weave through weed beds where hungry predators are hiding. Its intense, rolling swimming action is extremely provocative.

### Target fish

The Illex ASKA 60 SR is particularly effective when fishing for pike, perch and black bass. Its size and movement make it an irresistible target for these predatory fish.

### Features at a glance:

- **Length:** 6 cm
- **Weight:** 11,4 g
- **Swimming behaviour:** Schwimmend
- **Swimming depth:** 1,2 m

Experience a new dimension of predator fishing with the Illex ASKA 60 SR Crankbait. Its quality and performance will impress even experienced anglers.
