Experience the fascinating Illex Squad Minnow 65 SP lure - A jewel among hardbaits

The Illex Squad Minnow 65 SP is a jewel among jerkbaits, with all its features designed to provoke an irresistible bite. Its perfect balance makes it a suspender that immediately stops dead in the air when stopped. This characteristic is crucial for keeping a pursuing predator curious and inducing the final bite. The secret lies in the fixed weights, which give the Squad Minnow its exceptional balance and at the same time provide it with first-class casting properties.

With every jerk you perform, the Squad Minnow dances seductively through the water and even short twitches at the right time allow it to "walk the dog" elegantly like a pro. This lure is a true all-rounder and an absolute top bait that magically attracts not only perch, but also asp, pike and many other predators.
