Hearty Rise Wanderer travelling rod - An ingenious travel companion for versatile spinning fishing that fits in every suitcase!

The Wanderer travelling rod is ideal for predator fishing with soft and hardbaits. By using the highest quality components, each rod model enables different guiding techniques and achieves phenomenal casting distances. The advanced NET-V III carbon blank is extremely sensitive, so that even the most timid bites from exotic predatory fish do not go unnoticed. In addition, the Wanderer spinning rod offers sufficient power reserves to effortlessly control even larger predatory fish. The elegant and sporty design is complemented by the ergonomically shaped EVA handle, which offers you a secure grip during the fight.
