F I S H I N G

Zeck Fishing

Product number: ZK-PJG

The Zeck Peak JG spinning rod combines exceptional speed, sensitivity and lightness to create the perfect tool for discerning zander anglers.

279,95 €* 279,95 €

Unrivalled quality for passionate zander anglers

The Zeck Peak JG spinning rod is the answer to the wishes of many ambitious zander anglers. With the introduction of the Peak JG 1, we have reached a new level in rod construction, which is now being continued with the Peak JG 2 in a 240 centimetre version. This rod series combines speed, sensitivity and lightness in an unrivalled combination that has been specially developed for zander fishing.

Outstanding features of the Zeck Peak JG spinning rods

- **Blank technology:** Incredibly fast and sensitive blanks that make even the smallest bites perceptible.
- **Lightweight:** Despite their speed and length, the rods are surprisingly light.
- **High-quality materials:** Fuji guides without overpriced titanium frames - for maximum practicality.
- **Design:** Simple and functional, exactly what experienced zander anglers prefer.
- **Two versions:** Classic with cork handle and Standard with EVA handle, for customised comfort.

Perfect balance of performance and price

The Zeck Peak JG rod series impressively demonstrates how top technology in rod construction can be combined with a fair price-performance ratio. The decision against unnecessarily expensive materials such as Torzite inserts allows us to create a zander rod that offers the highest performance without breaking the budget.

Each of our predator rods is securely packed and delivered in a high-quality rod case - so that you can enjoy your new favourite rod for a long time.
